

## "Bordings" Border and Binding in One Grace Errea

All levels

Saturday, 8:30 - 11:30 a.m.

Madison Room

**#38512 - Quilting/Finishing-HOME MACHINE**

3-dimensional flanges and perfect bindings add a unique spark and a professional finish to your quilts. A "Bording" is a perfect binding, but it is wider - 1" wide - so that it doubles as a border as well as a binding. In this class, Grace will share how you can create perfect 3D flanges, and "Bordings" will be covered with step-by-step demonstration and practice. Working on practice pieces will allow you to achieve stunning results with this edge-ing. You will learn how to prepare the quilt for the edge finish, prepare and apply the 3D flange and a double 3D flange, prepare and apply the "Bording", join the tails correctly to finish the "Bording", and finish with binding techniques for a show quality quilt.
