Rooms can be reserved at these rates three days before and after the event subject to availability. Staying at one of the above contracted hotels is important to American Quilter's Society (AQS), to the destination where we are holding this meeting, and ultimately to you as a QuiltWeek attendee. AQS has contracted for a discounted group rates to give attendees the best value possible, and to also help ensure the integrity of program costs to AQS. Book your room using the above list and mention QuiltWeek when you call the hotels - this will help AQS keep your costs lower for attending the event. Being able to provide the actual number of hotel rooms occupied increases our future negotiating power. Thank you for not using a travel agency or wholesale website when making your hotel reservations. Please support American Quilter's Society by reserving your room at one of our official hotels.
