Step into the world of pictorial quilting while having fun creating your own unique under-the-sea quilt. You just need to bring a premade background ready to add your octopus to. To save time and concentrate on just having fun together, Kathy has kits all made up. Just cut your prefused shapes and finger press the fused fabric pieces to your background! Then add novelty fussy-cut images to personalize your quilt. This is a fun project where you can relax and create with laughter and new friends! The complete pattern is 21" x 24".
