**#17514 - Piecing**

Who doesn't love a project that can be finished in just a few hours? With a little bit of at-home preparation, you will create your own mini quilt in this fun and fast-paced workshop! This project is perfect for showcasing a special print - you will fussy cut one square that features a motif from that special fabric. Along the way, Carole will teach you easy-peasy improvisational piecing techniques that will help you make amazingly complex-looking blocks without all the work. Some cutting and sewing required before class.
