

Sunstars: A Kaleidoscope Class (2 days)

Paula Nadelstern

Intermediate, Advanced

Wednesday-Thursday, 9:00 a.m. - 4:00 p.m.

Chestnut Boardroom - Day 1

Independence AB - Day 2

#25201-WT - Color and Design

Join Paula for two days of Kaleidoscope magic! Students will learn all of the unique machine piecing, design, and template techniques Paula uses to create complex kaleidoscopic images, while simultaneously exploring the virtues of bilaterally symmetrical fabric; this includes learning to draft perfect angles and to identify and join different angles together. This product and process class culminates in the creation of a unique and fabulous Kaleidoscope block. You will see effects more wonderful than you could imagine, making you both the one who makes the magic and the one who is surprised.
