

Organizing Color in Scrap Quilts

Karen K. Stone

All levels

Saturday, 9:00 a.m. - 12:00 p.m.

Chestnut Boardroom

#25503 - Color and Design

Sometimes even the most personal and expressive aspect of quilting, color and fabric selection, can be uncomfortable for quilters in the beginning. Karen will help you build confidence in color by spending time instructing you on how to develop and create several palettes for quilts. She will take the mystery out of color building, and you'll unlock your creativity like never before. Soon, your friends will be asking for your color secrets.
