

## Joseph's Coat: Piecing Curves With Scraps

**Pat Yamin**

All levels

Wednesday, 9:00 a.m. - 12:00 p.m.

Independence AB

**#27505 - Piecing**

If you have been looking for your next piecing challenge and want to have fun using up your scraps, join Pat Yamin for this especially creative workshop! Learn easy methods of sewing convex and concave curves. You can machine piece using a variety of scrap fabrics in light, medium, and dark shades, or you can use only three colors of fabric to create an interlocking pattern. Pat will give you hints and show you techniques for making your intersections meet and your blocks lay flat. This traditional pattern is a true classic that will greatly enhance your quilt collection.
