

Prism Quilt: A Scrappy Quilt for All Levels

Deb Tucker

All levels

Saturday, 9:00 a.m. - 12:00 p.m.

Heritage Ballroom B

#27514 - Piecing

This snazzy quilt is constructed using scrappy pieced rectangle units made with Studio 180 Designs Split Rects tool. These units are rectangles divided with a diagonal seam that will slant either left or right. When strategically placed, an interesting pattern of floating diamonds emerges in the design. During class, students will be learning the construction processes associated with the Split Rects tool. All cutting and trimming will be done with a single tool. This is a great class for quilters of all levels, loaded with machine piecing hints and tips. Spend the morning with Deb and take home something you're proud of.
