Chestnut Boardroom

#28103-T - Quilting/Finishing-HAND

Have you ever wondered exactly how designs are marked on a quilt and then so beautifully quilted? Whether you're planning to stitch by hand or machine, a beginner's class is a necessity for learning quilt marking techniques, and this is definitely the one for you! Pat provides the kit - fabric, stencils (including a corner design), marking tools, batting, and backing - to get you started. Once your square is marked, you will learn basting techniques, and then, since perfection comes from proper preparation, you will be ready to learn the time-honored technique of hand quilting. This is the perfect class for you and your friends to relax and spend time together doing what you love - hand quilting.
