

**Sew You're in a Bind: No-Fear
Binding Techniques**

Pam Bocko

All levels

Saturday, 9:00 a.m. - 12:00 p.m.

Madison Room

**#38526 - Quilting and Finishing -
Home Machine**

You've almost finished your quilting project; all it needs is to have the binding applied, and there it sits, because applying binding can be intimidating. This class will alleviate these fears and take you through the initial steps of calculating how wide to make your quilt binding, all the way through the final step of sewing it in place on your quilt! You'll learn cutting, binding prep, mitering corners, and joining beginning and ending binding. This is a technique class, so you'll make samples to use for future reference. In no time, you'll be a master at binding, and all those UFOs will be things of the past!
