Grand Gallery CD

#43103w - Appliqué

Join Mark for this reMARKable class, where you will learn his method of turned-edge machine appliqué. What you will learn in this class can be used over and over again to get stunning results. Unlike other methods of appliqué out there, your appliqué will be soft to the touch and durable. This will be a hands-on, step-by-step learning experience that you will never forget.

This full-day class includes show admission for Wednesday.
