Kennedy Room

**#58515 - Quilting/Finishing-HOME MACHINE**

Having trouble getting those bindings to look just right? This class will get you on track for a show-worthy ending to your quilt. Little tricks and tips will give students the confidence to finish quilts with a beautiful narrow binding and perfectly-mitered corners every time. Pat will discuss sewing on the binding to have it fit perfectly to the quilt, filling the binding with just enough batting, and hand sewing it all together invisibly. She will use a camera and projector to enhance the demos. A beautiful binding is the frame for a quilt and should be as wonderful as the rest of your workmanship!
