

**Free-Motion Possibilities
on the Longarm Machine
Sue Patten**

All levels

Saturday, 9:00 a.m. - 12:00 p.m.

Adams I and II Room

#58524 - Quilting/Finishing-LONGARM

This class is designed to inspire and assist the beginner to become confident in their ability to use free-motion designs and techniques for themselves and their clients. This class is packed full of information. While you master the skill of free-motion quilting, Sue will discuss how threads, tension, how batting affects the overall look of the quilt, and where to place these new design concepts on the quilt to achieve three degrees of texture and balance. These designs offer a quick, easy, and accurate way to finish any quilt top. Put away those marking tools and turn off that laser light and join Sue for this free-motion block party!
