**#45511 - Color/Design**

See color, proportion, depth, and shadows through an art teacher's eyes. In this fun and eye-opening class, you'll create a woodland scene with confetti cut fabrics "painted" on quilt batting. Layers and layers of tiny bits of batik and hand-dyed fabrics create a beautiful landscape. Fussy-cut trees, rocks, and flowers will be added before topping with a layer of tulle. Return home to free-motion quilt and embellish your masterpiece. You can bring a photo to work from or borrow one from the instructor.
