#47505 - Piecing

It's old, but it's brand-new! English Paper Piecing (or EPP) is all the rage! Why? Because this technique is easy, fast, accurate, and best of all, portable! It's perfect for sitting and stitching, no matter where you are. Let Karen show you this popular technique while creating an amazing 3-D quilt. Frankly, Karen avoided this kind of piecing for years... until she tried it. Now she's hooked and it is her "go-to" take-along project. Don't worry if you've never tried it before; Karen will start at the beginning and teach you all the tricks and tips you need. CAUTION: You may become addicted to English Paper Piecing!
