#58513 - Quilting/Finishing-HOME MACHINE

You may love to free-motion quilt yourself, or you may find it easier and more effective to “quilt by checkbook” and send tops to be longarm quilted. But what can you do with charity quilts, baby quilts for your neighbors’ relatives, or other times when you may not want to spend a lot of time or money to get a quilt finished? Judi will show you how to use the walking foot on your domestic sewing machine, combined with straight or decorative stitches, to create a host of easy designs that will allow you to get quilts finished faster and easier than you ever imagined! You may even find that you like the look of this quilting style so much that you want to use it for all your quilts.
