**Stunning Sashings:
Longarm Machine Quilting
Sue Patten**

All Levels

Friday, 8:30 - 11:30 a.m.

Room: Grand Gallery AB

#58514 - Quilting/Finishing-LONGARM

Running out of sashing design ideas? This class is a fast-paced exploration of the balance between design and texture. Students will build confidence in their free-motion skills while learning new designs that maximize the art of texture to enhance their quilt tops. These new and innovative designs will help you achieve that cutting edge in your client, personal, and show quilts. We will explore the age-old question of whether to 'stitch in the ditch' or 'ditch the stitch' and discuss how to travel throughout the quilt with less stops and starts. This class will change how you view sashing, cornerstones, and ditch work forever, so jump in and join in on this exploration of Stunning Sashings.
