“AQS 2020 FOCUS ON FLOWERS”

For the first time, American Quilter’s Society—the largest quilting membership organization in the country—will team up with Chicago Flower & Garden Show to put on a spectacular “quilt garden” exhibition. “AQS 2020 Focus on Flowers” will feature 40 floral-themed quilts and a 30-by-40-foot garden of live flowers laid out in a quilt pattern at the show, set to take place March 18 to 22 at Navy Pier. “When we looked at the community attending our show and compared them with those of AQS, we saw a synergy too great to overlook,” says Tony Abruscato, show director. chicagoflower.com
