Join Ricky Tims in Lancaster for an exclusive day-and-a-half event featuring six of his Masterclass lectures! Don't be deceived into thinking these lectures are show-n-tell chit chat and an overview of quilting. Ricky Tims digs deep to deliver to you the most comprehensive learning experience you can have in two days. You will learn a multitude of techniques, methods, and projects that will inspire you and make you think completely differently about how you go about making a quilt - and there is NO SEWING. This Master Class Lecture series is for all quilters, from beginners to advanced, from traditional to contemporary, from modern to art. The course comes with the exclusive four-color syllabus and provides a heavy dose of inspiration to find the creative muse. It will build confidence and give you new ideas for all your creative endeavors. You will learn to think outside the typical quilting box. Topics covered are: *Improvisational Patchwork, Convergence Quilts, Design and Composition, Designing Your Own Ideas, No Pins Precision Curved Patchwork, Fabric Dyeing Basics, Color for Quilters, Rhapsody Quilts, Beautiful Machine Appliqué, Eleven Cool Things Every Quilter Should Know, Machine Quilting Tips and Tricks, and Finding Your Creative Muse*.
